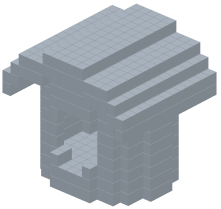
3 Voxels + five prompt levels

Level 1: Minimal
An oval birdhouse with curved roof, enclosed room and front entrance.

Level 2: Structure
. . . The protective roof joins the walls; the circular front entrance reaches a real interior cavity.



One voxel model

Level 3: Geometry
. . . Curved substantial surfaces carry their continuously attached functional parts.

Level 4: Proportion
. . . Overall width is 1.15 times depth; height is 0.80 times width. Parts follow functional positions.

Level 5: Comprehensive
. . . Continuous red, tan, brown color regions distinguish the body and attachments. . . .

Prompt excerpts; each level retains earlier details.
